### Description

Bishamon BS Series Hand Pallet Trucks are easy to use and exceptionally durable, with capacities of 2,500 to 6,500 lbs., fork widths of 20 1/2 or 27 in and fork lengths of 32 to 48 in.

All Bishamon products are designed and constructed for lifting and moving applications under the toughest working conditions, offering years of trouble-free operation. They reflect over 50 years of proven Bishamon performance.

### Standard Features

- Three position hand lever controls hydraulic system with the handle in any position
- Handle swivels through 210 degrees
- Foot and hand controls for the lowering function
- Rugged construction, with heavy gauge steel and sturdy continuous welds throughout
- Steering head and hydraulic assembly use low-friction thrust bearings

- Dual ball bearings in each wheel
- Hydraulic systems proven on a range of Bishamon lift products
- Lift height up to 8 in.
- Surfaces cleaned and a quality baked enamel finish applied
- Low profile model lowers fork height to 2 in.
- Heavy duty model has 6,500 lb. capacity and dual load wheels in each fork
- Standard unit features 2.9" lowered height and 5,500 lb. capacity

### Limited Warranty Policy

1 year replacement on materials and manufacturing process. Please refer to actual Warranty for specific details.

Specifications are subject to change without notice.

BS Series Pallet Trucks are one of a group of Bishamon materials handling products.

Selector Table for BS Series Capacities 2,500 to 6,500 lbs.								
Model	Capacity (pounds)	Overall Fork Dimensions (inches)		Fork Height (inches)		Weight (pounds)	List Price	
		Length	Width	Lowered	Raised			
BS-55A	5,500	48	27	2 <sup>15</sup> / <sub>16</sub>	7 <sup>3</sup> / <sub>4</sub>	217	\$625	
BS-55B	5,500	42	27	2 <sup>15</sup> / <sub>16</sub>	7 <sup>3</sup> / <sub>4</sub>	214		
BS-55C	5,500	36	27	2 <sup>15</sup> / <sub>16</sub>	7 <sup>3</sup> / <sub>4</sub>	204
