

Stationary Roll-On Container Tilters www.mh-partners.com

These tilters feature formed fork pockets which allow loading with a pallet jack or fork truck. Designed to lift containers with feet, the compact frame and 115 volt AC operation help maximize workspace.

- **Capacity:** 2000 and 4000 lbs.
- **Degree of Tilt:** 0°– 90°
- **Stationary:** Designed to be anchored to the floor.
- **Power Unit:** Internally mounted, 115 volt, 1 phase, 1 HP, 60 cycle motor is standard. 1 1/2 HP, 3 phase motor is an available option.

Stationary Roll-On Container Tilters

Model No.	Capacity	Degree of Tilt	Fork Length	Low'd Hgt	Overall Size	Raising Time	Ship. Wgt	Price
SRT20	2000	90°	40"	3/8"	33"W x 58"L	23 Sec.	740	-
SRT40	4000	90°	40"	3/8"	33"W x 58"L	24 Sec.	755	-

Floor Level Container Tilters

Designed for floor level (zero clearance) access. This rugged unit will tilt containerized loads up to 90°, eliminating the operator's need to bend and stretch.

- **Capacity:** 2000 and 4000 lbs.
- **Degree of Tilt:** 0°– 90°
- **Power Unit:** Internally mounted, 115 volt, 1 phase, 1 HP, 60 cycle motor is standard. 1 1/2 HP, 3 phase motor is an available option.
