

Gateway Portable Stacking Racks

CONVERT your overhead air space into **STORAGE** space.

Portable STACKING RACKS

- Convert your overhead air space into storage space.
- Recapture valuable floor space.

These rugged-duty racks are custom designed to your specific needs. They're available in 2000 lb. or 4000 lb. capacities and can be stacked up to 5 high for space-saving use. Built from heavy gauge steel and precision built for durable and extra safe use. Decking and side containment accessories are available – contact dealer for additional features and information. No returns – non-stocking items. FOB Shipping Point.
